c o l l e c t i o n

Smartphone Gaming Cooler series

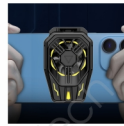

Model: 01# Smartphone cooling radiator.

Color Available: •Black •White

Product Features and Functions

- Powerful Heat Sink: The cooling fan prevents the phone from overheating while playing the game console, extending the life of the phone and battery.
- Water-cooled Radiator: Compared with other coolers, this radiator game can be used for half an hour and can cool 10~30°C. It can effectively solve the problem of fever or power failure when using a mobile phone.
- Applicable to All Models of for iPhone/Android Phone.
Play a variety of games without worrying about fever.

Small & Unobstructed

Play without barriers.

Ice Semiconductor

Cool quickly in a second.

Design for Mobile Gaming

New refrigeration technology.

Silicone Clip

Soft silicone clamps will not damage your device.

Cool Atmosphere

Enjoy gaming experience.

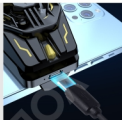

Increase Heat Dissipation Area

Super large cooling area.

Type-C Interface

Plug and use without charging.

Clamp Firmly

Clamp firmly and tightly enough.

Smartphone Gaming Cooler series

Model: 02# Smartphone cooling radiator.
Can be used with clamp clip (included on package) or magnet.

Color Available: •Black

NeckFan 0.1 series

Portable rechargeable fan for neck use.

3 Gear Wind

Neck fan with 3 levels of wind: •Slow •Medium •Fast.

Flexible & Adjustable Size

Easily adaptable to your neck, thanks to its flexibility.

Ultra-Comfort

Comfortable to wear.

Colorful & Trendy

Choose your look thanks to the 3 colors available.

Ultra-Light

Ultra light neck fan.

Surround Air Supply

Surround of fresh air for your good feel.

With MicroUSBC Port

This neck fan can be recharged using a MicroUSB cable.

Color Black

Color White

Color Pink

Input 100-240V/0.5A
Output: 5V
Weight: 230g
Material: ABS

Strong Battery

Ultra-long endurance battery.

Smart Cat Litter Box

series

Automated cat litter box
manageable via APP.

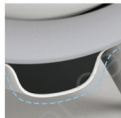

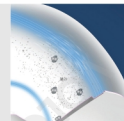

Manegable Via APP

The device can be managed remotely via APP.

Automatic Cleaning

Once the cat is out of the litter box, the device will clean itself automatically.

Display & Voice Alerts

The litter box is equipped with displays and voice alerts.

With High Precision Sensors

The device is equipped with multiple high-precision sensors.

With Double Collection Container

With 3L standard collection container and 9L XL container.

Low Voltage

12V Low voltage powered device for your cat's safety.

UV Lamp

Equipped with magnetic UV lamp for sterilization.

Accurate Design

The thoughtful design will fit flawlessly into your environment.

Product Features and Functions

- When the cat enters the litter box, the device will stop automatically.
- After the cat comes out of the litter box, the device will clean itself automatically.
- The product displays the weight of the cat.
- The litter box is designed not to disturb during operation.
- Protection from overweight.
- Sterilization with specific UV lamp.
- The collection container can be pulled out from both sides even when the litter it is leaning against the wall.
- The litter box is equipped with vocal warnings of operation.

Technical Parameters: •Power Adapter: **Input AC100-240V/0.4A - Output DC12V/1A** •Rated power: $\leq 6W$
•Standby power: $\leq 0.5W$ •Weighing range: **1.0-20Kg (MAX)** •Weighing accuracy: $\pm 0.01Kg$ (static) •Cat litter load: $\leq 3L$
•Standard collection container capacity: $\leq 3L$ •XL collection container capacity: $\leq 9L$ •Working noise: $< 55dB$
•Working time of UV lamp: **15 minutes** •Product dimensions: **L655mm*W642mm*H605mm**
•Product net weight: **8.5 \pm 0.3Kg** •Normal working environment: **Ambient temperature 5~40°C, Relative humidity $\leq 93\%$ non-condensing.** •Storage and transportation environment: **Ambient temperature -20~60°C, Relative humidity $\leq 93\%$ non-condensing.**
