Frame: White
Lenses: Photocromatic

Frame: Black
Lenses: Photocromatic

Wireless: 5.4V
Range: 10m
Battery: 150mAh
Recharge Method: **Magnetic Connector**

Bluetooth Music and Calls

Glasses equipped with Bluetooth connection to listen to music and talk.

Photochromic Lenses

Glasses equipped with photochromic lenses.

PHOTOCHROMIC FUNCTION: Photochromic lenses automatically adjust based on the intensity of UV rays.

In outdoor environments with bright light (strong UV), the lenses darken rapidly to block UV rays and reduce discomfort caused by glare. When moving indoors or into areas with low UV levels, the lenses automatically return to a clear state to ensure sharp vision. No manual operation is required; the lenses adapt to changes in lighting automatically.

High-Quality Lenses

High-quality lenses for perfect visibility.
